FACING THE SWARM THOUGHT from Augsburg/Germany create a raw blend of chaotic blasts, grinding grooves and doom like spheres combined with aggressive, distressed vocals. Since the founding in 2007 and several lineup changes, the musical tastes of the different members, which are settled in the fields of Metal, Doom, Hardcore and Sludge, lead to this evolution of sound, which finally has become manifest in the first album DAMNATI, recorded in 2010. In 2011, FACING THE SWARM THOUGHT signed with AMPIRE Records. Two years later, FACING THE SWARM THOUGHT released their second album BRIDGES via AMPIRE Records, which takes on the atmosphere created on DAMNATI, but with a more catchy touch.

It took about 4 years and several gigs and tours until the latest album "Körperbrand" was released by FACING THE SWARM THOUGHT. The Album was mainly produced and recorded their own, except the drums, and finally mixed and mastered by Roland Wiegner (Tonmeisterei).
